

# CONNECT TO WORK

Funded by **UK Government**

**Connect to Work Staffordshire helps people who face barriers to employment. Whether due to long-term health conditions, mental health challenges, or other disadvantages. Our mission is to provide personalised guidance and practical support so individuals can secure and maintain meaningful, sustainable jobs.**

## **Personalised Employment Support For You**

If you're looking for work but are currently struggling due to a health condition, personal circumstances, or other barriers, our programme is designed for you. You'll be paired with a dedicated Employment Specialist who will work closely with you to identify suitable job opportunities that fit your lifestyle and health requirements.

## **Our Support Includes**

- Fast-track job search focused on finding the right role for you
- Skills and abilities assessment for a personalised job plan
- Expert CV writing tailored to your career goals
- Guidance on benefits and financial support
- Advice for those considering self-employment
- Collaboration with healthcare professionals to prioritise your wellbeing
- Support for carers
- Employer engagement to ensure your needs are understood
- Acting as an intermediary with potential employers
- Interview coaching and career advice

Get in touch with our advisors today to find out more information and how we can support your needs.
